Re: *Ex Parte* Presentation  
MM Docket 99-25  
In the Matter of Creation of a Low Power Radio Service

Dear Ms. Dortch:

Edgewater Broadcasting, Inc., Radio Assist Ministry, Inc., and World Radio Link, Inc. (the "Ministries") hereby notify the Commission, pursuant to Section 1.206(b)(2) of the Commission's Rules that on May 5, 2005, Clark Parrish an officer and director of each of the Ministries, his wife Debbie Parrish and the undersigned, counsel to each of the Ministries, met with the following Commission staff regarding MM Docket 99-25.

The meeting was conducted on May 5, 2005 at 11:00 AM with Jordan Goldstein of Commissioner Copps' Office and lasted approximately 40 minutes. During the meeting with Mr. Goldstein, the Ministries discussed the following issues related to MM Docket 99-25:

- The history, nature and purpose of each of the Ministries and the integral nature of translators to the development of their local and regional broadcast ministries.
- The freeze on non-mutually exclusive FM Translator applications and importance of continuing processing of applications properly filed in the Auction 83 window. Specifically, the Ministries explained how the freeze accomplishes little toward the goal of a viable LPFM service, that few LPFM facilities were actually precluded by the FM translator window.
- The idea that LPFM and FM translator services are not mutually exclusive and that each can survive as a viable service along side the other.
